

WHAT DO I NEED?

¿QUÉ NECESITO?

WAS BENÖTIGE ICH?

In order to choose the right cylinder according your needs, please answer these questions:

Para elegir el cilindro correcto de acuerdo a nuestras necesidades debemos responder a 3 cuestiones:

Ermittlung des von Ihnen benötigten Zylinders anhand folgender Fragestellung

How much load do I have to lift? _____ ton.

What is the collapsed height (A) of the cylinder you require? _____ millimetres.

What is the Stroke that you require? _____ millimetres.

ATTENTION: Do not exceed the 80% of the nominal capacity of the cylinder.

Taking into account all the above we will have several options i.e. single acting, locking collar load return, double acting etc.

To finish choosing the cylinder, please keep in mind the application of the cylinder.

Visit our web page: www.larzep.com and find the applications of each type of cylinder.

¿Cuánta carga tengo que levantar? _____ Toneladas

¿Qué altura cerrada (A) debe tener mi cilindro? _____ milímetros.

¿Qué carrera (recorrido hidráulico) debe tener mi cilindro? _____ milímetros.

ATENCIÓN: No exceder el 80% de la capacidad nominal del cilindro.

Las respuestas no llegarán a los diferentes modelos que podemos utilizar. Para terminar la correcta elección, tenga en cuenta la aplicación para la que necesita el cilindro.

Visite nuestra página web: www.larzep.com y observe las utilidades de cada cilindro.

Welches Gesamtgewicht muss der Zylinder anheben? _____ Tonnen

Welche Einbaulage soll der Zylinder haben, horizontal oder vertikal? _____ Soll er drücken oder ziehen _____?

Welche Gesamthöhe (A) sollte der Zylinder in eingefahrenem Zustand haben? _____

Welchen Zylinderhub benötigen Sie? _____ mm

Bitte beachten Sie: die Gesamtleistung sollte 80% der Zylinderleistungsfähigkeit nicht überschreiten. Gerne beantworten wir Ihre offenen Fragen anhand oben genannter Details und bieten Ihnen die optimale Zylinder-/Pumpenkombination für Ihren Einsatzfall an!

Besuchen Sie uns auf unserer WEBseite www.larzep.com. Hier können Sie Details zu unseren Produkten erfahren.
